Monitoring and Review: Visual monitoring of control measures will be undertaken and reviewed if circumstances change. The SWMS | JSEA will be amended if there is a change in the activity.

Consultation: Relevant personnel (including HSR's where established) have been consulted in the development, and where required, review and amending of this SWMS | JSEA.

No	Task Activity	Potential Hazards	Risk Scores (before)	Control Measures	Risk Score (After)	Responsible Person
1	Unload vehicle	Musculoskeletal strains	3	<ul style="list-style-type: none">• Planning, Consultation, Adherence to Manual Handling Techniques<ul style="list-style-type: none">◦ When unloading the vehicle we will ensure that we are as close as possible to the area where the equipment will be set up. If required we will seek out assistance in unloading heavy items, however our normal work does not include heavy items.◦ We will use sensible manual handling techniques making sure our backs are straight and bending with the knees.	5	Ryan
